

Square Translucent Smoked-Gray Acrylic Sheet, 1 mm Thick

Square acrylic sheet with a dark smoked-gray tint. Useful for DIY projects, small signs, and custom covers for LED displays. The translucent finish softens light without blocking it completely.

Multiple colors

- Made of acrylic (plexiglass).
- Smoked gray, translucent color.
- 1 mm thick.
- Square sheet; size depends on the option ordered.
- Good for LED display covers, signs, and general DIY projects.
- Smooth surface that spreads light evenly.
- Can be cut or drilled for custom panels and enclosures.
