

## USB TTL converter 3.3V 5 V

- supports 5V power supply voltage, 3.3v power supply voltage
- full speed USB device interface, compatible with USB V2.0.
- CH340R chip supports IrDA specification SIR infrared communication, supports baud rate from 2400bps to 115200bps.
- supports commonly used MODEM signal RTS,CTS.
- hardware full duplex serial port, built-in transceiver buffer, support communication baud rate of 50bps ~ 2Mbps.
